cover for left or right front seat

52 11 001

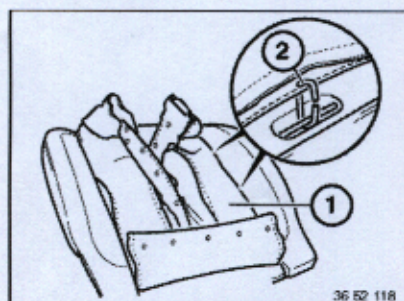

Replacing cushion

Remove seat cushion,

refer to 52 10 079

Detach cushion cover (1) at tensioning strip tips (arrows).

Fold cushion cover (1) together and cut off retainers (2) in padding (foam rubber).

Remove cushion cover.

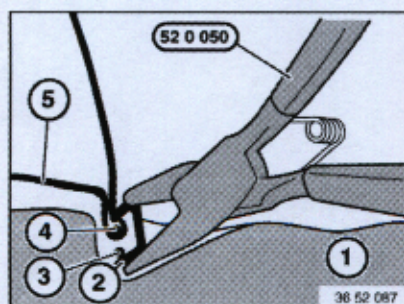

Note:

Remove remainders of retainers.

Installation:

Pull securing rods from old cover.

Make cuts in new cover and slide in securing rods.

Installation:

Lock new retainers by bending with special tool 52 0 050.
